TO: DeGruchy Limeworks

FROM: Josh Janisak

RE: St. Mary's Episcopal Church, Wayne, PA

DATE: 8.9.16

To Whom It May Concern:

This letter is to express my gratitude for the years of technical support provided by Mr. Andy DeGruchy and to testify to the wealth of knowledge and sound advice offered by Andy. Our firm has had the good fortune to be able to participate in masonry projects ranging from new construction to historic restoration work, and Andy has continued to offer assistance in the way of material specification and means and methods protocol. Andy has also made himself available simply to bounce an idea off of. His counsel has not only improved construction efficiency, but we've delivered sound masonry solutions which create healthy walls and surfaces that proudly stand the test of time and are created using traditional materials and methods. Most recently, Andy has helped guide our NHL choice for a restoration project at St. Mary's Episcopal Church in Wayne, PA. He further assisted with reviewing mortar compatibility concerns and issues of vapor permeability. It has been not only a joyful pleasure to work with Andy and his team, but a tremendous learning experience. I look forward to working with Andy in the future, and it is without hesitation that I recommend Andy for any and all masonry needs.

Sincerely,

Joshua A. Janisak, RA
